

Jewish people are  
praying to G-d.

The mean, evil,  
yucky King Antiochus  
said, "You may not  
pray the way you  
want."

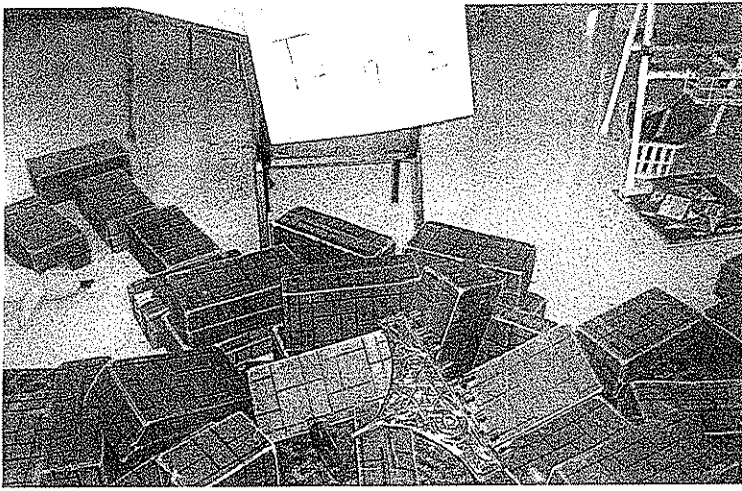

The King's soldier  
put idols in the  
Temple.

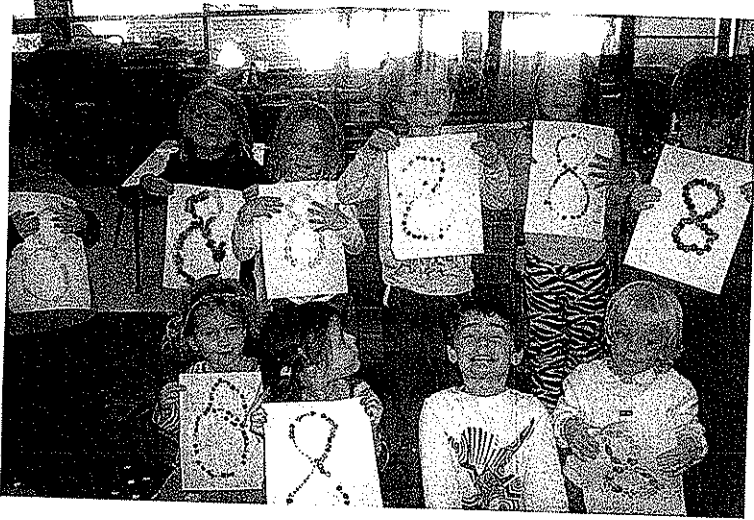

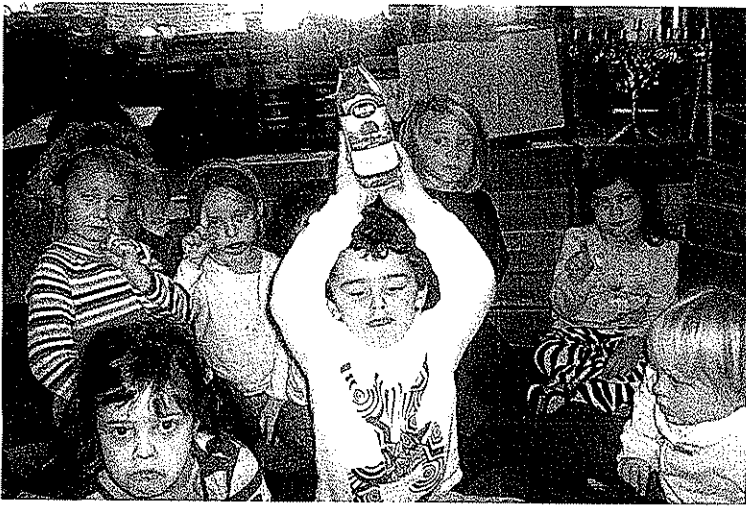

The Jews were sad and upset and angry. They went to the mountains to make a plan to fight the soldiers and the King.

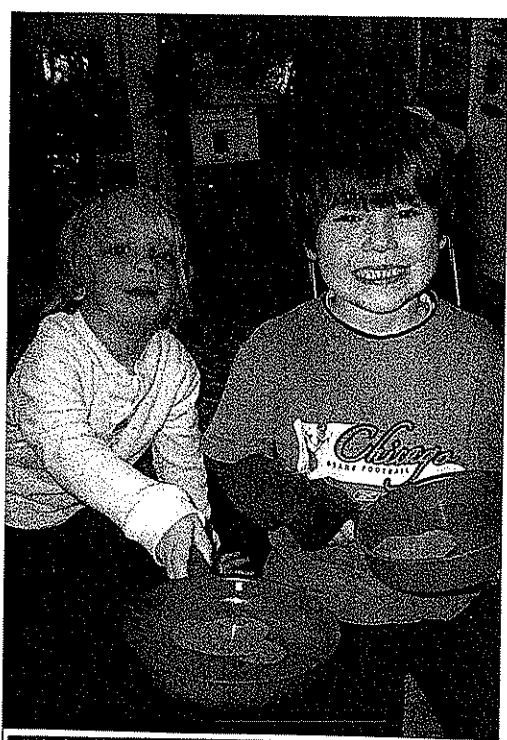

The Maccabees  
were strong like  
hammers and like  
rocks. They won!  
The King said, "Oh  
my gosh."

But when the  
Jews went to the  
Temple they saw  
it was wrecked  
and crooked in  
pieces. It was  
crooked and  
destroyed.

Worst of all, there was only oil for 1 night. Then there was a miracle. The oil lasted for 8 nights!

That's  
why  
we  
have  
Chanukah
